SUMMARY

Great tasting 3-in-1 coffee blend enriched with the purest form of the ancient Chinese herb, Ganoderma lucidum.

Bio Reishi coffee gives just the right perk you need to jump-start the day. With the health-giving benefits of the Reishi Ganoderma mushroom, this will surely be the perfect gift for family and friends year-round!

Ganoderma lucidum/REISHI is a mushroom that grows on dead logs, and is one of nature's earliest wood decomposers. In the past, due to its rarity, only emperors had the privilege of using the prized mushroom for their health problems, thus gaining the moniker, "Herb of the Emperors".

Ganoderma can facilitate liver detoxification, improve immune system strength to combat certain forms of tumours and allergic reactions, improve blood circulation and assist in healing processes.
