

ITEM NO: 2375

CONTENT: 100 CAPSULES

A blend of special herbal extracts that nourish, cleanse, and enhance the liver and intestinal tract.

SUMMARY

In day-to-day living, our bodies are constantly changing. Normal aging, stress, and regular wear and tear add to the breakdown of bodily functions. Poor diet, sleep and exercising habits are also culprits in diminishing our physical capacity. Finally, illness and disease can also contribute to the body's deterioration. To ensure that we are doing all we can to improve and preserve our overall health, we must maintain a proper, balanced diet, exercise regularly, get enough sleep, etc. Unicity believes that natural herbal supplements can also provide crucial nutrients and enhancement so that the body can function at its best, preventing premature aging and degeneration.*

Red Clover Plus® is a comprehensive herbal combination that works to help the blood and liver, as well as building the body's defense system. Helps cleanse the tissues and cells. It has also been used to increase circulation and balance the glandular system.

Red Clover Plus® is a blend of special herbal extracts that nourish the body's ability to cleanse and enhance the liver and intestinal tract functions. The liver is the largest solid organ of the body and performs a variety of essential functions. It breaks down poisons and toxins until they are harmless. It also manufactures enzymes, cholesterol and proteins, converts beta-carotene into Vitamin A, and produces bile for digestion. The liver also stores glycogen, a digested carbohydrate that is released at certain times to maintain blood sugar levels. As you can see, the liver must stay in excellent condition if the body is to function properly. Additionally, the body's ability to produce healthy blood cells is essential to the maintenance of all organs and systems. If the intestinal tract is operating properly, it will process and eliminate wastes on a regular basis. This will also prevent an excessive burden of detoxification from being placed on the liver.

RECOMMENDED USE

Take one capsule with a large glass of water daily, and gradually increase usage over a two to three week period to two capsules three times daily. Not for long-term use.

INGREDIENTS

Gelatin, Microcrystalline Cellulose.
